Sliding Fee Discount Schedule
Federal Poverty Guidelines 2026

The sliding fee is a discount of charges for those who either have no insurance or who have insurance but have a high deductible. Also, it is for those whose insurance does not cover provided services. Regardless of whether you have insurance or not, you must still meet the income guidelines.

To determine the sliding fee category of the patient:

1. Match the number reported living at the home with the "number in family" category above.
2. Move across the scale until the yearly income corresponds with the income category.
3. Look at the top of the column to the fee listed. This is the amount you will pay for your office visit.
4. **REMEMBER-All family income is to be included. Income is the AMOUNT EARNED BEFORE TAXES DEDUCTED.**
